Labour's Interna- tional May-Day Celebrated

Under the auspices of the local Miners Union the fifth May-Day of the War was observed by a large number of citizens who gathered in the Union Hall for the occasion. The assemblage was addressed by a number of prominent speakers, who came from various places in Alberta and British Columbia.

Chairman Enoch Williams, secretary of Blairmore Union, called the meeting to order and introduced the various speakers. Representing Mr. A.J. Morrison, M.L.A. for Edson, secretary-treasurer of U.W.M.A., Mr. McCloy brought greetings to the local union. He then offered some criticisms of the government because of the great profits that have been made during this war by certain corporations, including our railways. The speaker was confident of a happy future for Canada if our labourers display the same determined will to win the peace, which they have shown in their struggle to win the war.

In his address Mr. Roper, M.L.A. for Edmonton (C.C.F.), gave a brief outline of the progress of the war during these five years. The constant question of men back from the scene of hostilities, he declared, was the prospect for employment when "The Boys Return." Will it be the old story of unemployment and hunger marches? Russians, the speaker said, know the kind of country they will return to after the war, and they are confident and content. But in Canada a complete change of system is required; a change from an economic dictatorship to a truly democratic system.

Mr. E.C. Woback, C.C.F. Candidate for Macleod, spoke briefly words of warning lest Canada become dominated by fascist interests. Accordingly, he appealed to the labour people of the country to oppose capitalist designs upon their democratic privileges.

Captain L. Edwards, chairman of the Labour Progressive Party of Alberta, was the next to address the gathering. The primary task of world-wide labour is to destroy the beast of Nazism, the speaker declared. For the welfare of the future the speaker believed that international understanding between capitalist and socialist countries was essential. Problems of reconstruction and of feeding the people of the occupied countries will be most immediate and pressing after the war. Canada and the United States will emerge rich in productive capacity, they must not stand isolated from the needy countries of Europe and Asia. By meeting the need of that time our factories may be kept humming and our people employed. Unity within the Labour Party is essential, he said, if that party is to play its rightful part in shaping the policy of Canada in future years.

Mr. Tom Uphill, M.L.A. for E. Kootenay, spoke briefly to appeal for hearty support of this, the Sixth Loan.

The meeting was closed by singing the national anthem.

HIGH SCHOOL CONCERT MAY 12

For the past few months the students of Coleman High School have been planning a concert which they will present on May 12.

As the proceeds will be used to help cover the expense of publishing their Year Book, the students hope that the people of Coleman will continue to support them as they have in the past.

EUROPEAN PEOPLES RECEIVE FEW FATS

In Canada butter is the only fat that is rationed. In Europe at this time, however, all fats are usually grouped together for rationing and in most countries the weekly ration of all fats is less than the Canadian ration of butter alone. One of the lowest of all fats rations in Europe is that of France, where the normal consumer is supposed to get only 1 1/4 ounces a week, slightly more than we get of butter in a day. The German fats ration is seven ounces a week. Norway and Denmark have a slightly higher ration. But in the Netherlands the children of the fats, even with the increase reported to have become effective, is no more than three ounces.

Cigarette Fund Notes

Dear Comrades—Still in Italy and receiving the cigarette fund, and thanks to all once again, who make this lovely gift possible. I haven't seen any of the local boys for a few weeks now, but I expect I will in my travels soon. Thanks again—J. A. Caroe.

Dear Sirs—Received another three hundred cigs the other day. They are still coming in. Hope the Legion keeps the good work up. Again, thanks a lot for the cigs—Pte. Smith, P.

Dear Sirs—Just received another shipment of cigs. Thanks a lot. We really appreciate what you're doing for us over here—Gratefully, Bill Nimcan.

Dear Members—Received your March issue of cigs and many thanks for them. Had a letter from Jasper James and he mentioned receiving the cigs from the Legion. So the boys are getting them all right. Very best wishes to all members of the Legion and Ladies' Aux.—O. Hirsch

Dear Sirs—Once again I say thanks a lot for the cigs. They're always welcome. Cheerio for Now—A. Celli.

Received three hundred cigarettes. Thank you very much.—Pte. MacQuarrie, W.

Hello Friends—Am receiving smokes regular, and thanks very much for same. Cheerio for now—Cpl. G. Burchell.

Dear Friends—Many Thanks for cigs received. I am keeping fine. Hope you are all the same at home. I remain, yours truly, James Anderson.

Dear Friends—Two parcels of three hundred cigarettes arrived within the week. One came just before Easter, the other to-day (April 13). Thank you most sincerely. Best wishes for all in Coleman.—J. A. Dunbar.

Many thanks all. Received cigs O.K. Met Tom Flynn and spent a few days with him. Certainly was great meeting some one who had only lately been in Coleman and was up to date in the local news.—Al MacQuarrie.

Received cigarettes. Many thanks—Steve Myssynuk.

Dear Sirs—Many thanks for gift of cigs. Sure nice to receive them and very welcome. All the boys doing well here. Understand M. Smith has returned but cannot say for sure. Hope the mines are working steady and the Legion going strong. Thanking you once more.—B. Murray.

Hello Comrades—Your cigarettes arrived just on time, date Nov. 43. Thanking you all a million. Hoping this year will be the best. Sincerely—Ugo Deeseco.

Thanks a lot to all for the cigs—Cpl. J. Kroesing.

Dear Sirs—I would like to thank you very much for the cigarettes that I have received from you. During the last six weeks I have received four different boxes. Apparently they were held up at the last station on which I served, and have only just found their way to this one.

The kindness and thoughtfulness of your organization, together with my present state of good health, tend to keep me from becoming discontented. We certainly are indebted to the folks back home for the many favors that they have done for us. We can never thank you enough. As ever, —Bob Emmerson.

Put Victory First

Put Victory First is a sentence that Coleman people are taking very seriously. The Loan Committee is pleased at the general reception the citizens are giving the salesmen. It is predicted that an all time subscription record will be set in this loan. Already applications have been written so far and if this continues, the committee hopes to reach the six hundred mark.

It is splendid to know we have that many loyal citizens supporting the war effort, but what about the rest of the people?

In a community such as we have, where work has been fairly steady for years, to feel we have done well when we sell only half of those who should buy, must be discouraging to some of us. This war is not just being fought for half of the people, but it is fought for all of them, not only in Canada, but all over the world, whether in friendly or enemy territory. Freedom and civilization are at stake and if we lose them there is no hope for any.

The magnificent war effort of Canada has been praised by all the United Nations, particularly by our neighbor to the south, where large efforts are common. No country with such small population has done so much and done it so well. Billions in gifts, in food and money went to our Allies; we are paying our way as the war goes on; we produce side by side with the greatest nations; placing some of the world's best fighting men equipped with the best mechanical equipment at the frontier of civilized men. We have the credit of being the only nation to have kept wartime inflation under control, and all this with the whole-hearted support of little more than half of our people if Coleman is to be taken as an example. We wonder what we could have done if we went out 100% for the war effort! It would be hard to say what effect it would have on the enemy, but we know, at least it will inspire our Allies to greater achievements and therefore overwhelm the enemy in a shorter time than it would take ordinarily. On the other hand, if we were to fail, the reverse will be the result. No matter what the rest of Canada may do, let us here in Coleman tell the boys we sent to fight for us we are behind them, we are backing them up, we are buying more bonds than is asked of us and that we are doing our best to bring them home by helping to bring nearer the day of peace to them, and victory for our CANADA.

DEATH CALLS MRS. W. HUNTER

Death called a well-known citizen and business woman of Fernie on Tuesday of this week in the person of Mrs. Wm. Hunter, after an illness extending over nearly a year.

Deceased was born in Alva, Scotland, fifty-seven years ago and came to this country in 1911 to marry Wm. Hunter, who had come out in 1906. For the past seventeen years she and her husband have conducted a bakery and restaurant business in Fernie and until recently a business in Coleman. She was very well known and is mourned by a large circle of friends.

She is survived by her husband, one daughter, Maribel Malone, and one son, Steeve, of Pincher Creek.

The funeral will be held on Saturday afternoon at 2:30 from the United Church, leaving the undertaking parlors at 2:15.

Mrs. Hunter was a former resident of Coleman, operating Hunter's Bakery here for a number of years.

Airman's Letter

Dear Alec:

I'd say it is quite a jump from here to Coleman, or vice versa, but it looks as though I've made the jump.

I haven't as yet received any papers since December, but then, I can hardly expect to because of my moving about. Don't think for a minute I am "Reefing" — I'm not. I would like, however, to curl up in the hot sun with a few issues of the local paper and find out just what is going on in the home town. Believe me, a lot of time is spent trying to figure out just what people of Coleman are doing on certain days, and especially on Saturday nights.

In my travels it seems strange I haven't run into any lads from Coleman (save one whom I mentioned previously) and yet Coleman must be represented by two or three hundred enlisted men spread over the face of the earth. Some day I may be fortunate enough to see a few of them.

Well, Alec, I think that is all for now. I know of no way by which I can get the papers, and if you will kindly send them to the address I mentioned in my last letter. . . .

Must sign off now and so, from a Colemanite in the Far East, lots of love to the people of Coleman.

Yours,

TOM BRENNAN.

SPECIAL PLACEMENT WORK FOR HANDICAPPED WORKERS

Hon. Humphrey Mitchell, minister of labor, announces that the Employment and Selective Service offices across Canada will open sections in the larger local offices, known as Special Services Sections, to specialize in the placement of workers who are physically handicapped, either through war services or civilian accidents. Officers in the larger local offices are now being trained to deal with the placement of handicapped workers, and it is expected that the co-operation of employers and social agencies will be enlisted.

From information available to the Department of Labor, it would appear that in these times of labor shortages employers in a great many cases are realizing that physically handicapped workers are highly efficient in certain types of employment, so that it is hoped to take advantage of the heavy demands for workers of all types to assist in rehabilitating those who are handicapped, as they would be less certain of securing a start in employment at other times.

Pass Choral Society Aids Cigarette Fund

Town Dedicates Honor Roll

The Crow's Nest Pass Choral Society last evening charmed an eager and appreciative audience in Coleman Community Hall in aid of the Legion cigarette fund. Ably directed by Mr. James Cousins this fine musical organization treated the large audience to choice selections of musical numbers that brought round after round of applause. The most delightful vocal solos, violin solos, duet, and selection by four accordionists proved to the audience that the Pass is not lacking in excellent musical talent.

Chairman S. C. Short highly praised the entertainers and thanked them for donating their talent in aid of the worthy purpose, the Cigarette Fund. He introduced Mr. George Derbyshire who after telling the story of the board figures outside the bank on pay-day and promising to "stick behind those boys", he sincerely thanked the citizens for their co-operation and urged their continued support.

Sgt. Malcolm Smith, recently returned from overseas, thanked the Canadian Legion, the Ladies Auxiliary, and all the citizens on behalf of the boys for the excellent care they have been receiving and illustrated with a heart-breaking incident witnessed by three Coleman lads, the need for buying Victory Bonds.

Mr. W. Dutil, representing the council, unveiled the honor roll dedicated to the Coleman boys who are doing their part in the war. The Canadian Legion participated in this very impressive ceremony and the Last Post was played by Mr. James Lowe in honor of those lads who have made the supreme sacrifice.

CARD OF THANKS

The concert held April 26 in Coleman on behalf of the Overseas Welfare Fund was a distinct success. The Canadian Legion, as sponsors, takes this opportunity of thanking the Crow's Nest Pass Choral Society for their effort in preparing a program so excellent; to the Miners' Union for the use of their hall, and to all others who generously gave of their time to make the concert such a success. The total proceeds to date are \$140. A complete report will be announced later when all receipts and bills are to hand.

The honorable N. E. Tanner, minister of Lands and Mines, announced to day that the angling season for trout, Rocky Mountain whitefish and grayling, will open May 1st and close September 30th for the Red Deer and North Saskatchewan rivers and their tributaries. In the southern part of the province, from the international boundary line up to and including the Bow River and its tributaries, the season will open June 16th and close October 31st, 1944.

C. C. F. CANDIDATE

O. E. Wobeck, of Barons, was chosen as CCF candidate for the Macleod federal riding at a large and well represented nominating convention held at Claresholm on March 15. He was born in South Dakota and came as a small boy with his parents to Canada in 1904. He has resided

near Barons ever since, except for mining, he thoroughly understands several years spent in the United States as a young man, part of which time he spent working in the silver mines of Utah.

Mr. Wobeck started farming on his own in 1921, and has been a very successful and progressive farmer. He is also well known in Southern Alberta for his work in the Co-operative movement. For the past eight years he has been on the board; also served as vice-president and president of the South Alberta Co-operative Association at Lethbridge, one of the largest co-operatives of its kind in Western Canada. He is also manager and director of the Barons Co-operative Association Ltd., a young and expanding co-op.

Mr. Wobeck has been connected with the CCF since its inception. He has been secretary-treasurer for the Little Bow constituency for eight years, and has also been organizer and secretary-treasurer for the Macleod federal for five years. It is felt that with his wide experience in agriculture, business and

BLAIRMORE VICTORY LOAN SHOW LARGE ATTENDANCE

(Held from last week)

The Blairmore Victory Loan began with a programme which was held in the town park, with Mr. Chapell, unit organizer, presiding as chairman.

After the singing of O! Canada, a brief address was given by Mr. Chapell. The text of the address was, "those who can't fight for themselves should make their dollars fight for them."

The second item of the programme was a group of band selections by the Air Cadet Bugle Band.

At the conclusion of the Air Cadet's rousing music, a plaque was presented by LAC Schlosser to Mr. Enoch Williams, mayor of Blairmore, and chairman of the Blairmore-Frank Committee.

Mr. Enoch Williams gave a very stirring address, in which he expressed the need for buying victory bonds. He referred mainly to the need of supplies, and pointed out that supplies sent

from Canada do not always reach the boys at the front. He mentioned that it takes approximately one hundred train loads of equipment to fill one ship. Mayor Williams also stated that two hundred or possibly more, boys and girls from Blairmore, are now serving overseas; and in order to bring back as many of them as possible, more, more and still more supplies are needed.

Following this address, the audience moved to the Orpheum Theatre where two excellent films were shown entitled, "Target Berlin" and "German Atrocities". These were actual pictures captured from German Prisoners, by the Allies.

Mr. W. Cole spoke on the need of buying bonds and he thanked the people of the Crows Nest Pass, for the wonderful response given to the tag day for Yasinov-staya.

Yasinavstaya is an adopted district in Russia which the Crows Nest Pass has pledged to support. It is a mining district of approximately the same population as the Pass, and has been bombed extensively by the Germans.

Three brief, but very appropriate addresses, were given by Mrs. D. Walker, Mrs. J. Patterson and Mrs. J. Stewart, who all have sons in the forces overseas. Mrs. Patterson, in her speech urged all the mothers to keep within their budget, in order to buy an extra bond.

After hearing these sincere speeches the people of Blairmore were convinced more than ever of the need for their full co-operation.

Mr. and Mrs. N. Nicholas accompanied by Mr. and Mrs. J. Meluzi were Calgary visitors over the week end.

Mrs. D. Cwynar of Calgary is the guest of Mr. and Mrs. F. Balajewich. She will also visit Mr. and Mrs. W. Chuckla while in Coleman.

Mr. and Mrs. Andy Montalbetti celebrated their sixteenth wedding anniversary on Saturday, April 29. Their guests presented them with an end table and china dog.

We Must See The Job Through

There is no letting-up on the fighting fronts. Action increases day by day. But our men there are conscious of their job—to carry on until victory is won. They will finish the job, and we must help them. Our job is an easy one compared to theirs.

We Must Buy More VICTORY BONDS

Yes, we bought bonds before, of course we did. The people of Coleman and community have done a good job on every occasion on which they have been asked to buy bonds. We're buying bonds again. Are we buying all the bonds we can? Are you buying all you can?

As long as the war lasts it is going to cost Canada money to carry on. And from now on the fighting will extend to new areas. The cost will mount higher.

THIS IS NO TIME TO REST ON THE JOB

We can't be content with what we have done. We must do more. We must keep on buying bonds until the war is won. Combined operations call for all-out action from each unit on the home front as well as on the fighting fronts. Coleman must go all-out to support the 6th Victory Loan. This community must do its share. And this means that each individual must help.

SO YOU'RE GOING TO PAINT!

FOLLOW THESE SIMPLE RULES:-

Outside Painting

Be sure the surface is dry; let the sun or wind dry it out after a rain. Remove dirt from corners, putty up any cracks and holes. Don't lay the paint on too thickly—you'll get a better job if you brush it on sparingly. If you apply more than one coat, let the first coat dry thoroughly before putting on the second one.

Inside Painting

Make certain your surface is clean. Remove any film of grease or dirt from walls or furniture, especially in the kitchen, for instance. It's a good plan to wash surfaces with soap and water before painting; if you do this, be sure to let it dry first. Smooth your wall surface by plastering holes and cracks, and sandpaper rough places in furniture, before applying your paint.

Most Important of All:-

Let the whole family have a say in settling on your colour scheme. Ask your Sherwin-Williams Dealer to lend or show you his beautiful Paint & Colour Style Guide—it's full of good ideas on decoration and painting.

Use only the best paint, varnish or enamel. Good paint costs so little in relation to long-lasting results obtained; cheap paints only bring you disappointment eventually. Sherwin-Williams Products give you colours that really last and real protection against wear and weather.

Consult your Sherwin-Williams Dealer. He will gladly give you valuable assistance and advice and will supply you with the right Sherwin-Williams Paints for each purpose—the utmost value for your money.

BIRTHDAY PARTIES

Miss Amelia Czech celebrated her birthday on Sunday, April 23 when several of her friends gathered together at the home of Mr. and Mrs. Frank Vincent in West Coleman. Games were played and much fun and excitement was had by all. Everyone sat down to a lovely decorated table with a lit-up birthday cake centered in the middle. The guest of honor was presented with many lovely gifts for which she thanked her friends. The party broke up with the singing of "For She's a Jolly Good Fellow".

A birthday party was held at the home of Mr. and Mrs. O. Celli on Sunday, April 23 on the occasion of Clementine's ninth birthday. Games were played and a dainty lunch was served. After much indoor merriment the children went for a hike. The guest of honor was the recipient of many lovely gifts for which she ably thanked her small friends.

SIXTH VICTORY LOAN DRIVE WELL UNDER WAY

"Put Victory First". This is the motto of those who are supporting the Sixth Victory Loan campaign. This should be the motto of all the citizens of Coleman.

The year 1944 can be our Victory year. It must be our Victory year! That this is our hope is shown by the symbol of this sixth drive—a winged "V" with the letter "I" placed to the right and a little behind it. Let us obey its commands! "Speed the Victory" and "Put Victory First".

Pincher Creek is to be commended on being the first of the Southern Alberta Units to reach its quota in the Sixth Victory Loan Drive.

SOCIAL STUDIES IN EDUCATION

In the modern trend of education, Social Studies has been given a foremost place in the course of studies. It ranges from the study of ancient history to the study of existing social conditions and problems.

The new course trains the student for his role in society; develops in him habits and skills which will make him a good citizen and thus raises the standards of social living.

In the new course the problems and mistakes of former peoples and generations are outlined to students in such a way that the latter may profit by these mistakes and may strive to establish the basis of a better generation. An example of how history repeats itself is shown in the close similarity of the dictatorship of Nazi Germany to that of the ancient dictatorship of Sparta. It is known that in different stages of history, numerous kings and dictators have set out to conquer and rule the world. It is also known that these same power-crazed men were unsuccessful in their attempts. Their failure resulted in the ultimate downfall of their countries.

Another modern social problem, which is discussed thoroughly is post-war reconstruction. In these discussions the students are encouraged to voice their opinions. Both the opinions of the students and the teachers are carefully considered.

"Current events" is the study of present war activities, of important men of the world, and of geography, one of the more important factors in the strategy of the present war. This enables the pupils to know why such things as the invasions of the war have not been pointed directly at definite objectives but at points where casualties would be lowered and progress made rapid. This also includes the study of climatic conditions. Another point in current events is the following of the progress of the war and keeping well informed on the positions of the present war leaders and their governments.

Although a great part of social studies course is on modern problems, history is not completely left out. Now only the more important parts, such as the settlement of new countries and their progress throughout the years is studied.

In our opinion the new Social Studies course has been greatly improved and is now one of the most interesting and important subjects on the modern high school curriculum.

THE GOOD OLD DAYS

The modern critic of education, seeing that children today do not possess the ability to glibly recite the facts of history, the patented definitions, the tables, the memory lessons, and riddles of his own school days is apt to judge on the basis of too superficial comparison. Thirty years ago a father might ask his son

to define the futility of the Pythagorean proposition. And the son might reply: "The Pythagorean proposition demonstrates that the sum of the squares of the two sides of a right angle triangle is equal to the square of its hypotenuse." The father then would know that his son was being properly educated.

That same son, now grown to manhood, is confronted by his own son today who asks him for the scientific evidence underlying his racial prejudices, the proof of his political contentions, or his concepts of international justice in the world that will follow the war. And the father wonders what has happened to education.

DRAMA FESTIVAL

The Coleman High School students' part of the Festival program proved to be very enjoyable entertainment. The choir with Mr. Cousins conducting, sang "The Bee", by Christian H. Hohmann; "Farewell to the Woods" by Christian Hohmann; "There is a Tavern in the Town" (special arrangement); and "Peasant's Vesper Song" by Dimitri Bortnansky.

The dancing under the direction of Mr. Hoyle was very well performed. The dancers were: Louise

Beigun, Greta Bielech, Bohumel Rucka, Eldo Mascherin, Stanley Kwasny, Mike Hutz, Ellen Hoyle and Christine Bubniak. The dances presented were:—The Czechoslovakian National Dance, Denmark Dance, Irish Dance, The Lancers, and Ukrainian Dance.
